TO WHOM IT MAY CONCERN

Respiratory Testing Services is pleased to confirm that we have been using EasyOne Pro, manufactured and supplied by ndd Medizintechnik AG, Technoparkstrasse 1, CH8005 Zurich, Switzerland, for almost a year. It replaced previous equipment from another supplier because the EasyOne Pro had several advantages over its predecessor.

We further certify and confirm that the EasyOne Pro supplied to us on 19th January 2009 is accurate, stable, portable and very user friendly. We have been so pleased with the unit that we have ordered a second machine.

Yours faithfully,
